and Urban Development

- 03291 -

1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

- (1) signing and returning the amendment;
- (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer,
- (3) letter or telegram, or
- (4) facsimile, if facsimile offers are authorized in the solicitation. The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

(2) Have a satisfactory performance record;

(3) Have a satisfactory record of integrity and business ethics;

(4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and

(5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

(1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);

(2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;

(3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or

(4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

- (b) If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the HA shall make an equitable adjustment in the not-to-exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.

- (b) If the termination is for the convenience of the HA, the HA shall be liable only for payment for services rendered before the effective date of the termination.
- (c) If the termination is due to the failure of the Contractor to fulfill its obligations under the contract (default), the HA may (i) require the Contractor to deliver to it, in the manner and to the extent directed by the HA, any work as described in subparagraph (a)(ii) above, and compensation be determined in accordance with the Changes clause, paragraph 2, above; (ii) take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable for any additional cost incurred by the HA; (iii) withhold any payments to the Contractor, for the purpose of off-set or partial payment, as the case may be, of amounts owed to the HA by the Contractor.

9. Assignment of Contract

The Contractor shall not assign or transfer any interest in this contract; except that claims for monies due or to become due from the HA under the contract may be assigned to a bank, trust company, or other financial institution. INTEGRATED PEST

MANAGEMENT

POLICY

(IPM)

Integrated Pest Management Policy (IPM)

Overview

Building and landscape pests can pose significant problems to residents, staff, property and the environment. Through pest exclusion and other non-pesticide tactics, education of residents, and safe pesticide selection and use; Fort Worth Housing Authority (FWHA) will maintain control of building and landscape pests while maintaining a safe environment to residents, guests, and staff.

Policy Statement

Fort Worth Housing Authority is committed to the use of Integrated Pest Management (IPM) in all facility and landscape maintenance pest control activities. FWHA employees and contractors shall follow IPM procedures at all times.

Definition of IPM

Integrated pest management is a strategy that focuses on long-term prevention or suppression of pest populations using a combination of tactics that minimize the impact of control activities on human health, and other non-targeted biological organisms (i.e. pets and plants). Under an IPM program, pesticide applications will be made only when pests are present in unacceptable numbers or when experience shows they are likely to be present at unacceptable numbers. IPM does not support the use of scheduled pesticide treatments without evidence of need.

The IPM program for FWHA shall include:

- **Proper pest identification.** The pest's biology and life cycles will be a basis for selecting appropriate thresholds, monitoring techniques and control actions.
- **Pest management plans for key pests.** Plans will include recommended monitoring procedures, thresholds, and recommended control tactics.
- **Thresholds.** Criteria used to determine need and type of control activities. Control tactics will include appropriate chemical (pesticide) and non-chemical methods of controlling specified pest.
- **Records.** Monitoring efforts will be used to assess the success of IPM actions and identify sites that require intervention.
- **Service report forms.** Contractors and FWHA personnel will record times and dates of service, pests treated, chemicals used and any other records required by the Texas Department of Agriculture.
- **Records of all pesticides used.** Data base must include trade names, active ingredients, concentrations and amounts used.
- **Inventory** of pesticides stored on FWHA property.
- **Budget records.** Costs of supplies and major expenditures must be tracked.
- **An educational plan.** Activities and training materials for staff and residents concerning responsibilities for helping maintain a clean and safe community.
- **Training records and certifications.** Record must be maintained of all staff authorized to use pesticides.

Pesticide Selection and Use

Pesticides can be useful tools in maintaining a safe and pest-free living environment for FWHA residents. Every effort shall be made to use the least hazardous pesticides necessary to provide adequate pest control. Pesticides will be used only when necessary, and will be applied according to label directions.

Notification

Fort Worth Housing Authority takes the responsibility to notify the residents and staff of upcoming treatments which will involve a pesticide. Notification of the use of pesticides will be printed on the "Notice of Pest Control Treatment. Proper notification to all residents is given within 48 hours prior to treatment, as required by the Texas Department of Agriculture Structural Pest Control Service. For further information, please contact the IPM Coordinator in the Facilities Management Department / Work Order Center.

Pesticide Storage / Delivery

Pesticides will be stored and disposed of in accordance with the Texas Department of Agriculture Structural Pest Control Service registered label directions and State or Local regulations. Pesticides that are stored in the Maintenance Department shall not be accessible to residents, or unauthorized personnel. Maintenance personnel shall not deliver or apply any chemical style pest control product inside, or to the exterior of residential housing sites, unless certified as a noncommercial applicator by the State of Texas, this includes any chemical specific to, but not limited to Mouse, Rat, Fleas, Bed Bugs, Roaches, and Ants

IPM Program Coordinator

FWHA will appoint an IPM coordinator whose duties include the development and implementation of a pest management plan. Objectives of the IPM plan:

- Elimination of significant threats caused by pests to the health and safety of residents, staff or the public.
- Prevention of loss or damage to housing sites or property by pests.
- Protection of environmental quality inside and outside housing units.
- The IPM coordinator shall make decisions concerning whether or not pesticides should be applied in a given situation based on a review of all available options. Efforts will be made to avoid the use of pesticides by adequate pest-proofing of facilities, good sanitation practices, selection of pest-resistant plant materials, and appropriate horticultural practices.
- When it is determined that a pesticide must be used in order to meet pest management objectives, the least-hazardous material, adequate for the job, will be chosen.

Contractual Agreements with IPM Providers

Contractors providing pest control services to all FWHA Facilities will be required to adhere to IPM standards required by FWHA. All contracted pest control activities will follow IPM plans based on the IPM principles outlined above. FWHA will ensure that contractor selection is determined not solely according to price, but also by the contractor's ability to provide satisfactory IPM services.

Licensing and Training for Pesticide Applicators

All pesticide applicators will be trained in the principles and practices of IPM and the use of pesticides approved for use on FWHA sites. All applicators must comply with this IPM policy and follow appropriate regulations and label precautions when using pesticides in or around FWHA facilities.
